

FUTURA 3000

General Description

Our most technically advanced combination of turf-type perennial ryegrasses - an optimum blend of varieties. FUTURA 3000 - has a low growth habit which means less maintenance. Perennial Ryegrass has become the Canadian turf species of choice for overseeding sports fields and any thin or worn turf areas. FUTURA 3000 starts fast, produces a rich green turf, and stands up to traffic.
