

SPORTS TURF Stadium

General Description

SPORTS TURF (Stadium) is a proven mixture of PICKSEED's hardiest varieties that have consistently performed on non-irrigated surfaces. It includes such notables as Moon Shadow, Quantum Leap and Touchdown Kentucky bluegrass.

For quick germination, winter hardiness, dark green color, tolerance to summer stress and excellent mowability, Cutter Perennial ryegrass has been included. This superior variety is rapidly becoming the No.1 choice of turf professionals.

Usage

Developed for athletic fields and high traffic areas that require the deep roots, wear resistance and toughness that only SPORTS TURF (Stadium) can deliver.

Adaptation

- Fast germination, rapid development and weed control (Cutter Perennial Ryegrass)
- Toughness and outstanding aggressiveness to force out weeds (Quantum Leap Kentucky Bluegrass)
- Ability to heal quickly from traffic and machine damage
- A dense growth habit to resist major turf diseases even under the shortest of mowing conditions (Moon Shadow Kentucky Bluegrass)

Mixture

30% Moon Shadow Kentucky Bluegrass

30% Quantum Leap Kentucky Bluegrass

20% Touchdown Kentucky Bluegrass

20% Cutter Perennial Ryegrass

Limitations

For fast repair and overseeding use Futura 3000 or Sports Turf Rapid

Seed Rate

New Lawn: 1.5 kg/100m² or 3-lbs./1,000 sq. ft.

Overseed: 3kg/100m² or 6.5lbs/1,000 sq.ft.

** Mixture percentages and varieties may change at any time*
