

Looking for a ryegrass that's appropriate for every occasion? The Futura family of blended ryegrass from Pickseed is carefully crafted according to our time-honored standard. Each blend is a distinctive combination of elite varieties, selected for optimal performance.

**DESCRIPTION:**

A blend of perennial and intermediate ryegrasses with excellent turf quality characteristics.

**USAGE:**

Ideal for overseeding sports fields and golf courses.

Futura 2500 is our most technically advanced combination of turf-type perennial and intermediate ryegrasses - an optimum blend of varieties.

Futura 2500 has a low growth habit which means less maintenance.

Perennial ryegrass has become the Canadian turf species of choice for overseeding sports fields and any thin or worn turf areas. Futura 2500 starts fast, produces a rich green turf, and stands up to traffic.

**ADAPTATION:**

- High performance
- Genetic diversity
- Resultant blend establishes quickly
- Produces turf that is disease resistant, heat tolerant and endophyte enhanced

## FUTURA 2500

### RYEGRASS BLEND
