

ENVIROGREEN

General Description

ENVIROGREEN is a low-maintenance turf mixture with components that have a slow growing growth habit. It is intended for playgrounds, commercial properties and anywhere an attractive low maintenance turf is required. It is fine textured and dark green.

Usage

ENVIROGREEN will tolerate shade but is also suitable for full sun. It is quick to establish and can be used on moderate slopes. It is low-growing so minimal or no-mowing is an option or it can be maintained as a traditional lawn.

Mixture

40% Boreal Creeping Red Fescue

25% Fiesta 3 Perennial Ryegrass

15% Kentucky Bluegrass

20% Sheeps Fescue

Limitations

Will not tolerate mowing less than 3 cm. It will recover from injury less quickly than traditional lawn mixtures.

Seed Rate

2 kg/100m² or 4.5lbs./1,000 sq. ft.

Large areas: 125 kg/ha

**Mixture percentages and components may change at any time*
