

PERFECTION

General Description

PERFECTION is a premium quality turf mixture intended for golf courses, high quality commercial and home lawns.

Fertilize at mid levels, i.e. 1 - 1.5 kg/100m²

Benefits from good weed control throughout the establishment process.

Usage

PERFECTION is best applied to a well prepared seedbed with adequate nutrients and moisture retention qualities. It will dominate where fertility is high and irrigation is available. Once established, PERFECTION will tolerate a low mowing height.
